> Hi Dan,

> In checking with LSASD on the information requested, I received the following response:

>

> Per the information request during the September 2nd meeting, the monthly reports (i.e., June and July 2021) from Section 3.2.2 of the New Indy QAPP were requested. These reports should include the interpretation procedure for data management after a failed quality control check. Also, the correction factor calculations for meteorological sensors at stations 1 and 3 were requested.
